Hello,

Here is the information regarding screening for people traveling between December 24, 2020 and January 10, 2021, from Montreal to Nunavik.

An altered schedule applies to the Nunavik Travelers' Clinic in Montreal for the holiday season (these altered guidelines regarding deadlines do not apply to other screening centres in the Province).
As soon as a traveler knows the date of their flight, they must contact the Clinic to schedule an appointment for their pre-departure screening: **1-514-341-8888 or 1-833-341-3888 (toll-free number),** or by email: rdv-ntc.nrbhss@ssss.gouv.qc.ca – The traveler can make their appointment at the same time.

The Clinic is now open in the morning:
819 McCaffrey, Ville Saint-Laurent QC H4T 1N3
Mon-Fri from 10 a.m. to 6 p.m.
Sat-Sun from 10 a.m. to 4 p.m.

It is still possible to get tested at any other walk-in screening centre in the Province (48h to 96h before departure). However, it should be taken into account that the times and deadlines for obtaining results could be affected by the holiday season. The NRBHSS cannot know and guarantee that results will be obtained within the time limits required to enter the region of Nunavik, if the traveler has chosen to be screened at another centre. It is for this reason that travelers are strongly encouraged to get screened at the Nunavik Travelers' Clinic in Montreal.

Travelers who get tested within the arranged time limit (48h to 96h before the flight - or according to the appointment date set by the Nunavik Travelers' Clinic in Montreal), but for reasons beyond their control, have not received the results of their test before boarding the plane, could still be accepted for boarding under certain conditions.

At the airport, a nurse could submit a special "holiday season" questionnaire to the traveler and order an additional screening test 3 days after arriving in the North. The goal is always to protect the region as much as possible.

Thanks for your help.
Happy Holidays,
